TRANSMITTAL LETTER

Sir:

In response to the Notice to File Missing Parts, enclosed herewith are (1) a Declaration and Power of Attorney; (2) Verified Statement Claiming Small Entity Status - Independent Inventors; (3) copy of an Assignment signed by the inventors and (4) Verified Statement Claiming Small Entity Status - Small Business Concern. A fee for \$65.00 in payment of the late filing fee (based on the small entity status established herewith ) is enclosed. In the event of any further fee due in connection with this transmittal, the Commissioner is authorized and directed to debit our Account No. 02-2105 for the amount of such deficiency.

When the above-captioned patent application was first filed, Applicant submitted \$770 in payment of the basic filing fee. Fees for the additional claims and additional independent claims were not included. Since this application was filed as a small entity, \$984 should have been enclosed as the total filing fee.

Upon receipt of the filing receipt, this application was charged as a large entity for the sum of \$1,968, the proper amount if large entity status was appropriate. Our Deposit Account was charged \$1,198 (\$1,968 (large entity filing fee) - \$984 (small entity filing fee) = \$1,198) for the difference since no small entity declaration was included. Actually, Applicant only owed \$214 (\$984 (correct filing fee amount) - \$770 (filing fee amount submitted for this application) = \$214) to the USPTO and that was the amount that should have been charged to the Deposit Account. Therefore, we request a refund to our Deposit Account in the amount of \$984 (\$1,198 (amount charged to deposit account) - \$214 (amount owed to USPTO) = \$984).
